To reflect the recent changes in the cost of jet fuel, Korean Air will adjust its fuel surcharge from USD 1.20/kg to **USD 1.40/kg** which will be applicable to all of Korean Air's air waybills issued in U.S.A.

This fuel surcharge increase will be **effective as of July 1, 2022**.

FUEL SURCHARGE GUIDELINES:

- Based on **KE FLIGHT DATE**, not AWB issuance date
- Includes the Fuel Surcharge Code: MYC and the applicable amounts in the appropriate "Other Charges" & "Due Carrier" fields of the AWB

Korean Air will continue to monitor the cost of jet fuel and make any necessary adjustments.
